

**UNIVERSITY OF NEBRASKA AT OMAHA
GENERAL EDUCATION COMMITTEE
Minutes Sept 8, 2023**

1. Welcome/Introductions
2. Discussion
 - a) Gen Ed curricular reform
 - Continued discussion occurred about the draft mission-focused general education proposal/model.
 - The Committee agreed that the first half of the proposal should be shared with their colleges and the Senate for feedback and comment. This includes the foundational elements of the proposal – mission, vision, purpose of general education as well as the proposed outcomes and the need for a more integrated curriculum.
 - The actual model needs additional work before being shared for feedback with a broader audience.
