3. Employee and Evaluator meet to discuss performance evaluation
4. Employee receives final performance evaluation with both, employee and evaluator, ratings and comments
5. Employee reviews final performance evaluation, adds comments (optional), confirms review of performance evaluation and discussion with evaluator and submits for record

**II. Filling in the Evaluation / Self-Rating and Comments Section**

**Basic Procedures:**
1. Review the employee rating scale
2. For each performance evaluation **Core Value**, check desired rating and add comments to support rating. The **Complimentary Competencies** provided may assist you in writing your responses. Read them carefully and take your time **UNeval allows you to cut and paste statements from a word document into the comment sections**
3. All sections must be completed (rating and comments)
4. Meet with evaluator (supervisor) to discuss performance evaluation
5. Finalize performance evaluation

**Accomplishments**

You will be asked to list your prior accomplishments at the beginning of the evaluation

- **Red** means uncompleted
- **Yellow** means partially completed
- **Green** means completed

**Performance Evaluation Core Values**
Performance Evaluation Core Values are the selected areas you will be evaluated on (Teamwork, Communication, Customer Focus, etc.).

For each value, you are required to enter a rating number from 1.0 to 4.0 and add comments in the text box to support your rating.
The rating scale located at the top of the Performance Evaluation gives you a description of each rating. For example, “4 – Exceeds Expectations” means the employee consistently meets and almost always exceeds expected levels of performance.

III. Filling in the Evaluation / Smart Goals Section

Goals for the Next 12 months. You may use the SMART criteria as a guide when writing goals that are clear and reachable.

- **Specific:** When setting a goal, be specific about what you want to accomplish. What do you want to accomplish? Who needs to be included? When do you want to do this? Why is this a goal?
- **Measurable:** What metrics are you going to use to determine if you meet the goal? How can you measure progress and know if you’ve successfully met your goal?
- **Achievable:** What skills and/or tools do you need to attain this goal? Do you have the skills required to achieve the goal? If not, can you obtain them? What is the motivation for this goal? Is the amount of effort required on par with what the goal will achieve?
- **Relevant:** Is goal in alignment with department/unit/UNO goals and objectives? Why are you setting this goal now? Is it aligned with overall objectives?
- **Time-Bound:** Provide a target date for achieving goal. What’s the deadline and is it realistic?

**Employee Comments:**

The goal section requires the employee to list at least one (1) goal for the coming year (training to comment about the SMART goals section)
