ABOUT ILUNO

ILUNO's mission is to provide a comprehensive, student-centered English as a Second Language program where students learn to communicate successfully in personal, professional, and academic environments.

Intensive

Intensive Language at UNO (ILUNO) students are in class up to 21 hours a week. Students participate in frequently planned social activities to practice their English and make new friends. Sessions last two (2) months and are scheduled six (6) times throughout the year.

Experienced

The University of Nebraska at Omaha (UNO) has offered English as a Second Language to international students for more than 40 years. Experienced instructors teach reading and vocabulary, grammar and writing, speaking and listening, pronunciation, TOEFL or IELTS preparation, and critical-thinking skills.

Engaged

ILUNO students study in small interactive classes. They work with classmates from all over the world on fun projects while developing high-level personal and academic English language skills.

CLASS EXPERIENCES

Online Classes

It is now possible to study in ILUNO from your home country! Studying from your home can cost much less than travel and living expenses in the U.S. You can take one (1) class or several classes at once and strengthen your English skills at your own pace.

Hybrid Classes

Many of our students want to come to Omaha and experience life in the U.S. ILUNO is offering a hybrid program with both in-person and online classes. Students can come to class 1-2 days each week and study from home the other days of the week. This flexible program lets students choose how they want to learn and allows students outside of Omaha to study from their home.

Before joining ILUNO, my English level was pretty low, and I could not talk with any Americans. ILUNO is a wonderful place that **promotes people's passion** to study English. It is also a friendly place where students will not feel alone because it is easy to find **lots of friends** from all over the world. ILUNO is a magic place where our **English skill level grows so fast**. After learning English [for only] a few months, I **passed the TOEFL test** and went on to a graduate program at UNO.
