

VOC = Volatile Organic Compounds HAPs = Hazardous Air Pollutants

BRAKE CLEANERS
are high in VOCs and HAPs

VOCs
contribute to smog*

SMOG AND HAPs
affect health
e.g. central nervous system damage,
headaches, asthma, respiratory
problems, cancer and reproductive risks

HEALTH EFFECTS
of breathing VOCs and
HAPs put your
workers at risk

*Omaha is close to going over
the EPA's limit for smog
