10 Years of Opening Doors – Your Support Matters

For 10 years, Meet the Buyers Omaha has helped hundreds of local businesses connect with agency buyers, prime contractors, and resource partners – equipping them with the tools, relationships, and confidence to compete for public contracts. **This milestone year is more than a celebration – it's a commitment to keep pushing forward.**

We welcome businesses at every stage of their contracting journey—from those just starting to those ready to scale. This year, we're adding hands-on workshops to help small businesses strengthen their capability statements and polish their elevator pitches so they can walk into every meeting prepared.

As center of the University of Nebraska at Omaha, this event is offered at no cost to Nebraska businesses.

Your sponsorship ensures continued access, support, and visibility — and signals your investment in growing a stronger local supply chain.

**Help us make year ten the most impactful one yet.
Sponsor Meet the Buyers Omaha 2025.
Support the businesses that grow Nebraska.**

Why Sponsor

Visibility

Showcase your company to key decision-makers in government contracting.

Networking

Engage with a diverse group of business owners and industry leaders from Nebraska and neighboring states.

Impact

Support the growth of local Nebraska businesses and the economy.

*The Nebraska APEX ACCELERATOR is funded in part through a cooperative agreement with the Department of Defense
