February 2025

Did you hear about the Nebraska Science Olympiad?

If you have been to the Nebraska State Science Olympiad before or if you have never had the opportunity to go, we hope that you join us this year! It will still be held at the University of Nebraska Lincoln's East Campus this year but will be hosted by the University of Nebraska Omaha's STEM Trail Center for the first time. We are honored to support the STEM talent in Nebraska's youth!

If you are used to working with the previous Science Olympiad director, Susan Hester, no worries, because she will still be at the state event to help transition this role over to Deanna Johansen, the new state director of the Science Olympiad, and Project Coordinator at the UNO STEM Trail Center. We are very appreciative of all of Susan's support and all that she has done to influence the lives of our young scientists in Nebraska.

**This year's Nebraska State Science Olympiad is on Saturday April 26, 2025.
Please check out this brochure if you are thinking about bringing a team.**

All in and ready to register a team?

Registration is OPEN!

Team registration for Nebraska Science Olympiad is now open. Registration payment can now be made online via credit card or electronic check. Visit the new website to learn more or click the button below.

Event Schedule is Coming Soon!

Already registered and wondering when you will see the event schedule?

The event list is on the website and in the brochure, but the full event schedule with listed times needs a few more updates before we post it. We plan to have it out the second week of February and it will be sent to all registered teams at that time. So, make sure you get registered!

Questions? Please check the brochure or contact us!
