Applicant Information: Provide the name of the registered owner of the vehicle indicated in the Vehicle Information portion of the application.

Vehicle Information: Applicant must have a Nebraska issued title in their name on the vehicle. Two exceptions to this requirement are leased vehicles and non-resident military. For leased vehicles the leasing company must have obtained a Nebraska title in their name for the vehicle and the applicant must indicate the vehicle is leased and provide the name of the leasing company. Non-resident military must provide a copy of vehicle's current registration. Applicant's applying for organizational license plates on more than one vehicle must submit a separate application for each vehicle.

Name of Organization: Indicate the name of the organization-specific plate design for which this application is submitted.

Date and sign the application form.

Upon completion, this application shall be submitted to the organization that is making application to the DMV for approval of an organizational license plate design. The organization shall then submit the application to the DMV, with the remainder of the initial 250 applications and one check from the organization for the total amount (\$70.00 per plate, a minimum of \$17,500).

Once the 250 application minimum is met, all applications will be processed and the applicants will receive an approval letter from the DMV. The letter indicates the date the plates will be available at the County Treasurer's office and the County Treasurer's telephone number to verify the Treasurer has received the plates. Current plates and registration must be surrendered when the organizational license plates are registered. Additional fees for production of the license plates and new registration will be charged. This fee varies by county.
