Section 3: Initiative's Target Population

The CEHHS community

Section 4:Initiative's Description:

The CEHHS Equity Engagement initiative will increase the college's capacity for DEAI work by creating a DEAI standing committee. This committee will act as an official part of the college, developing bylaws to increase representation for students, faculty, and staff and connecting DEAI efforts within the college to the infrastructure being developed by the UNO DEAI Office. This initiative aims to connect efforts across CEHHS so that they have more visibility and can build resources that address the needs of all potential stakeholders. The committee will also act as a liaison to the Office of Engagement and the Service Learning Academy to ensure that our efforts have meaningful connections across the Omaha community so that CEHHS can leverage the work our college does in DEAI toward recruitment and support of our students. Finally, the committee will prioritize supporting and tracing the efforts across college departments to record the impacts of DEAI projects on the UNO campus and for the historically under-resourced people and areas of Omaha.
