

## Adding CITI IRB and IACUC Training Modules

If you have not created an account, you will need to register. More information on registration can be found [here](#).

1. Log in to CITI using your credentials.
2. Select 'View Courses'

### Institutional Courses

Institutional Courses are available to learners who have an affiliation with one or more subscribing institutions. If an institution with which you are affiliated is not listed, you may want to [add an affiliation](#). If you are no longer associated with a listed institution, you may want to [remove an affiliation](#).

University of Nebraska Medical Center (UNMC/UNO) **View Courses**

Would you like to affiliate with another Institution?

Would you like to remove an existing affiliation?

### Independent Learner

Register as an independent learner to purchase course content. Before you purchase a course, please make sure you do not already have access to that course through an Institutional affiliation. Please note that refunds are not available for courses purchased as an Independent Learner.

3. Select 'Add a Course' to add courses

### Learner Tools for University of Nebraska Medical Center (UNMC/UNO)

- Add a Course**
- [Remove a Course](#)
- [View Previously Completed Coursework](#)
- [Update Institution Profile](#)
- [View Instructions Page](#)
- [Remove Affiliation](#)

#### 4. Select the courses you need to add – most likely Human Subjects Research (IRB) and Animal Care and Use (IACUC).

You will be provided with a series of enrollment questions. Please read the questions and responses carefully to determine the most appropriate choice for you. Your responses will determine the curriculum for the courses that you are going to take.

**NOTE: Selection of the incorrect course may require you to take additional modules/courses. IRB approval will not be granted until all staff listed on the application has current CITI training.**

The Good Clinical Practice (ICH focus) modules are now required for all individuals involved in the conduct of clinical trials involving drugs and/or devices. This GCP course meets the minimum criteria for training identified by some sponsors. Click [HERE](#) to see if your sponsor is listed. If so, your CITI completion report can be supplied to the sponsor to meet their GCP training requirement.

[View Instructions Page](#)

#### Question 1

This question is required. Choose all that apply.

- Human Subjects Research - *required by IRB*
- Responsible Conduct of Researchers (RCR) - *optional*
- Export Compliance (EC)
- Animal Care and Use (ACU)
- Clinical Trial Billing Compliance
- Undue Foreign Influence: Risks and Mitigations
