## Student Conference Travel Fund (SCTF)

### 2023-2024 Guidelines

*This program was previously known as the University Committee on Research and Creative Activity (UCRCA) student fund.*

Submission deadlines for **all student travel proposals** are the **first working day of each month by 11:59 pm (Central Time)** September 1, 2023 through July 1, 2024.

*Acceptance of proposals is subject to change, depending on the availability of funds. Late submissions will not be considered.*

#### I. Introduction

The Office of Research and Creative Activity considers proposals from **graduate** students and **undergraduate** students who plan to present or perform at professional meetings. (Graduate students can also request travel funding for professional meetings through the [Graduate Studies](#) office). All students currently enrolled in a UNO degree-granting program are eligible to apply.

Students wishing to request funds for research or creative activity materials and supplies can do so through either the Fund for Undergraduate Scholarly Experiences (FUSE) or Graduate Research and Creative Activity (GRACA.): <http://www.unomaha.edu/office-of-research-and-creative-activity/students>

The SCTF will award a maximum of **\$500** per student per proposal. A student may submit up to two proposals per academic year, with the understanding that priority will be given to students without previous SCTF (UCRCA) funding. ORCA **will not fund** retroactive conference travel or activities or projects not directly related to the student's program of study at UNO.

Funding decisions are typically announced within 30 working days of the deadline date, but this is not an absolute notification date. ORCA will provide feedback to applicants whose proposals are not recommended for funding.

#### II. Proposal Guidelines

All information requested must be supplied in the format specified. **Failure to follow all guidelines will result in disqualification of the application and the return of the proposal without review.** Requests for funding should follow the guidelines below for travel to professional meetings. In preparing a proposal, applicants should consider that the reviewers may not have expertise in the applicant's field. All applicants are expected to write their own proposals and conform to the Academic Integrity guidelines (<http://www.unomaha.edu/student->

[life/student-conduct-and-community-standards/policies/academic-integrity.php](http://www.unomaha.edu/life/student-conduct-and-community-standards/policies/academic-integrity.php)). **Jargon should be avoided, and technical terms and procedures should be explained in a way that is accessible to an educated lay audience.**

The project and funding request should be described in **1500 words or less** (see table). Proposals should be **double-spaced** with **one-inch margins** and a **font size of 12 points** (Times New Roman recommended). Proposals exceeding the word limits may be returned to the applicant without further review by the committee. Applicants are reminded to spell check, proofread, and carefully review the proposal for correct grammar. Consider making an appointment with the UNO Writing Center for proposal writing assistance (<http://www.unomaha.edu/writingcenter/>).
