Credit/No Credit (CR/NC) Privilege

1. The primary objective of the Credit/No Credit privilege is to encourage students to attempt courses in areas they would normally avoid because of the lack of background. The Credit/No Credit privilege, therefore, extends the concept of a liberal education and for this reason it will not ordinarily be available within a student’s major or minor unless written approval of the Academic Advisor is given.
2. Each college and department has the final authority in determining the extent of its participation in the program.
3. A minimum grade of “C-” is required to receive credit.

Rules Governing Credit/No Credit:

1. A maximum of 24 hours may be taken for university credit on a Credit/ No Credit basis. This privilege may be restricted by department or college.
2. Waiver of prerequisites for courses taken on a Credit/No Credit basis shall be determined by the department offering the course.
3. Those students with less than 58 semester hours of academic credit earned may not take more than two courses during a regular semester and not more than one course during a summer session on a Credit/No Credit basis.
4. Students must indicate their selection of the Credit/No Credit option by submitting this completed CR/NC form to the Registrar's Office **by the last day for officially withdrawing from a course during a semester.**
5. A student may change from a Credit/No Credit basis back to a graded basis by the last day for officially withdrawing from a course during a semester, but not thereafter.
6. A grade of “Credit” will count as a specified number of hours earned but will not be included in determining a student’s cumulative GPA.
7. A grade of "No Credit" will be recorded on a student’s record for grades that are below C- but will not be included in determining the cumulative grade point average.
8. A student whose cumulative grade point average (GPA) is below 2.0 after having attempted six (6) or more semester hours work will be placed on probation. Probationary status will remain in effect as long as the student’s cumulative GPA remains below 2.0. No student will be allowed to enroll for any course on a pass/fail or Credit/No Credit basis while on probation. Probation constitutes a period of formal warning that the student is doing unsatisfactory work.
9. Letter-graded courses must be repeated for a letter grade. Credit/No Credit courses will not replace previous letter grade attempts of the course.
