

# PeopleSoft 8.59 Upgrade

On May 6, 2023, the Peoplesoft Student Information System will be performing an upgrade to a new version with new Navigation options, cleaner look, and more accessibility.

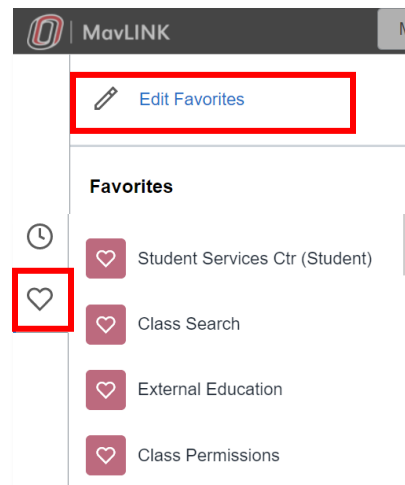

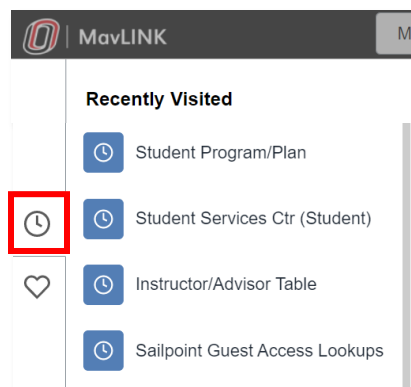

## New Items coming with the Upgrade:

- **Quick Access Bar** - Recently Visited and Favorites without clicking into the Navigation Menu. (Only on Homepage not any other page.)
- **Homepage Selector & Indicator** – Moved to the left (can select homepages on drop-down arrow); with homepage number indicator on the right to scroll through homepages
- **Global Search Bar** – moved to the top center of the screen
- **Navigation Menu** now allows **Alphabetical or Standard** order
- Accessibility Enhancements
- Better Browser Compatibility

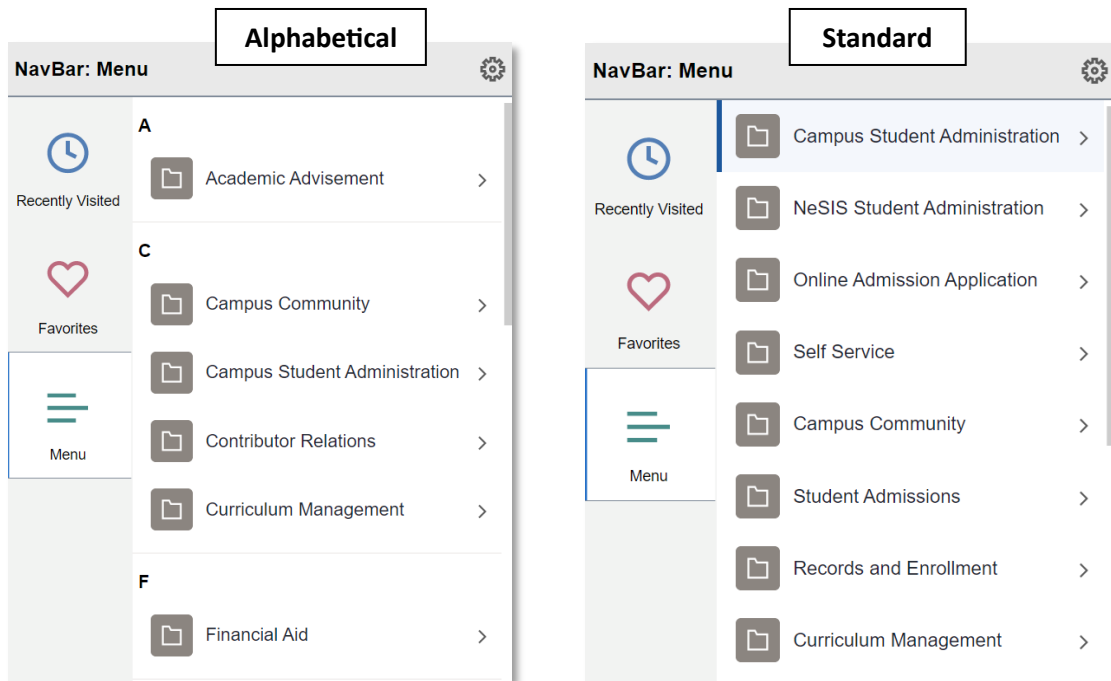

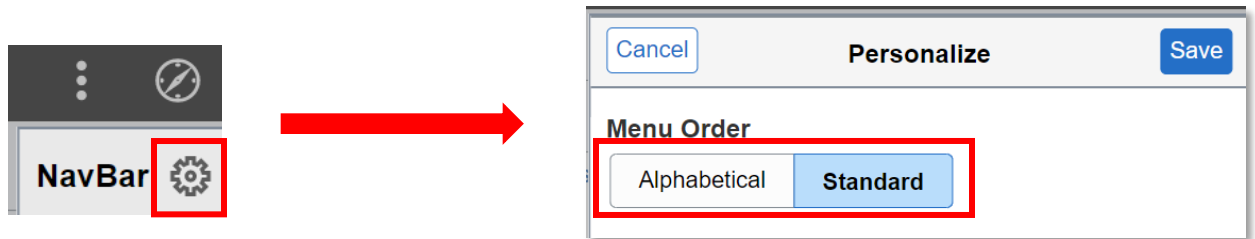

## Homepage Updates:

**Quick Access Bar** – Easily access recently visited pages and favorites; can also manage your favorites from here

**Navigation Menu** – Allows a user to personalize their menu order by clicking on the settings icon; the default setting is “Standard”

**Bread Crumbs** are now visible on the NavBar Menu as well
