What can I do with a major in **PHYSICS**

### Career Options
- Astronomer*
- Computer Systems Analyst
- Engineering Physicist*
- High School Teacher*
- Medical Professional*
- Physicist*
- Professor*
- Research Assistant
- Technical Consultant*
- Technical Writer

*Advanced Degree or Certification Required

### Transferable Skills Gained
- Critical-thinking
- Mathematical skills
- Problem-solving
- Computer skills

### Employment Areas
- Computer Science
- Healthcare
- Corporations
- Universities/Colleges
- Federal Government
- Engineering Firms

### Informational Websites
- UNO Department of Physics: physics.unomaha.edu
- American Physical Society: aps.org
- Physics Central: physicscentral.com
- Physics World: physicsworld.com
- Career Cornerstone Center: careercornerstone.org

### Extracurricular Opportunities
- Actively participate in the Society of Physics Students
- Develop computer skills
- Participate in student research opportunities
- Complete an internship
