

UNIVERSITY OF NEBRASKA AT OMAHA TORNADO PROCEDURE

Tornado Watch

A tornado watch means that tornadoes are likely to develop.

Tornado Warning

A tornado warning means that a tornado actually has been sighted somewhere in the general area.

If the warning sirens are sounded:

1. Proceed immediately to the interior hallway on the lowest floor or basement, unless there are boilers or electrical switch-gear areas housed in the basement. The tornado areas are listed on the following page.
2. If time does not permit, get into the safest area of your classroom or office (the inside wall away from the doors and windows.)
3. Avoid windows, auditoriums, gymnasiums or other structures with free-span roofs and boiler or electrical switch-gear areas.
4. Take shelter underneath your desk or any heavy furniture available.
5. Assume a curled position protecting your head and eyes.
6. All persons should remain in the shelter areas until advised the warning has ended.

For more information contact Campus Security at 402.554.2648.

UNIVERSITY OF NEBRASKA AT OMAHA TORNADO PROCEDURE

Building

Shelter Area
