Happenings: Mark Your Calendars

1. Together Inc. Food Drive ~ November 1 to 20, 2023

   Wednesday, November 1, kicked off the start of the UNO Child Care Center’s Annual Food Drive for Together, Inc. This year we are collecting both non-perishable items and monetary donations to give to the food bank. Anything that you can provide will benefit the needy families in our community. The last day to bring in your donation will be Monday, November 20. The classroom with the most donations will win either an ice cream party. There are boxes located in the multipurpose room for you to place the items. The boxes are labeled with each classroom’s name. A container for the monetary donations is located on the front desk counter. For every $1 you donate will count as 4 items towards the classroom total. Example $5 will equal 20 items. Please make sure that you put your child’s name on the donation, so we know which classroom to put the item total in. The Preschool groups will be going on a field trip to Together Inc. to deliver the items on Tuesday, November 21, 2023. Parents are welcome to join us. Thank you for your support for one of our annual service-learning projects.

Talk With Toddler 1 & 2

Welcome to November

The beauty of the fall season is in the air. Take time to take walks with your children and point out all the beautiful colors of the leaves.

A special welcome to our new friends, Isla C. and Anakin O.

Thank you to all the parents who were able to meet with me during parent/teacher conferences.

Some of our older Toddler friends will be moving up to the Transition Classroom at the end of the semester. More information will be sent home after the Thanksgiving break.

We will begin practicing for our annual Holiday Program in December.

Themes of the Month: Caring for Others; Color: Brown; Shape: Rectangle; Number: 4; Letters: G, H, and I.

Just a reminder to bring in a pair of gloves/mittens and hat for your child. We will continue to play outdoors, weather permitting.

Your child’s sunblock will be going home the week of November 13.

Wanted

Empty containers of oatmeal tubs with lids, 42 oz.
We need a total of 12 containers. We will be making drums out of them.

We would like to wish all our families a Happy Thanksgiving!

Ms. Effie and the Toddler Teacher Assistants

Time With Transition

Let’s be Thankful!

The Together Inc. Food drive is upon us! We are asking for donations for the food drive. Popular items include: Peanut butter, Canned soup, Canned fruit, Canned vegetables, Canned stew, Ramen Noodles, Pasta, Rice, and much more! We are also accepting monetary donations. All dry and canned goods can go to the Transition box in the Multipurpose Room. The classroom who donates the most items will win a class party with special treats.

Let’s have some fun opening our hearts and pantries for a good cause this season!

This month, we will be discussing the different families and cultures that make up our Transition group. To help celebrate our diversity, we will be creating a Transition Cookbook. I am asking each family to choose a favorite recipe to share with our class. Your recipe can be for any mealt ime favorite and can represent your culture and/or represent your family. I will compile the recipes into a book with some stories and art from our friends, and we will share our finished product by the end of the month. In order for our cookbook to be completed, I am asking for the recipes no later than Friday, November 17. Please share a hard copy or email of your recipe to zoabram1@gmail.com.

With the weather changing, please remember to provide a jacket for your child for outside play. Extra hats and mittens can be stored in your child’s tubby. We also encourage a water bottle and Chapstick or Aquaphor to store in our medicine cabinet. The cold weather tends to cause dry skin, and that can be uncomfortable during a long school.

Themes of the Month:
- What Makes a Family; Home, Community, and Cultural; Being Thankful & Giving Thanks
- Letters: G, H, I Numbers: 7, 8, 9 Color: Yellow Shape: Rectangle

Have a wonderful Thanksgiving.

Mr. Fred and the Transition Teacher Assistants
Preschool 1 Pals

Oh goodness, it is November already!
Preschool as always, is keeping busy as they continue learning!

I want to take this opportunity to thank all of the parents who came with us on our last field trip, as well as everyone who walked with us on our costume parade through campus. The children really enjoyed these experiences and your participation made them even more fun!

A big thank you to all parents who participated in parent/teacher conferences as well. I enjoyed talking with you about your child.

A couple of reminders:

• We are still going outside when the weather permits. The weather has been chaotic, cold one week and warm the next. Please make sure your child is dressed appropriately for the ever changing Nebraska weather. Coat, hat and gloves are always good to have in your child’s backpack.
• Please make sure you that your child has extra clothing in their tubby. Also, if your child has come home in borrowed clothing, please return the washed clothing to the center as soon as possible.
• Annual Food Drive for Together Inc. has begun. A box for preschool has been placed in the multi-purpose for you to place your non-perishable donations. We are also taking monetary donations. A container is located on the front desk counter. Please make sure your child’s name is on the donation so we get the credit. The classroom who brings in the most items will win an ice cream party.

The Preschool groups will be taking a field trip to Together Inc. to deliver the food donation items on November 20, 2023. We will leave the child care center at 9:30 A.M. and return no later than 11:15 A.M. Permission slips will go out the week of November 13. Parent volunteers are welcome. We would love for you to join us.

The children will be talking about Food, Family and Thankfulness all month. Our shape for the month is the rectangle, and our color is brown. We are continuing to learn about our alphabet letters and their sounds every day.

We have started singing our songs for the Winter Program, we are doing so well, that we have two of our songs already memorized. Now, just to work on singing them with strong voices! Mark your calendars for December 9.

Until next month,
Ms. Monica and the Preschool Assistant Teachers
Cooking with Seasonal Produce (Article From Good 2 Grow Network)

One of the best ways to escape the chilly Fall weather is to spend the day inside making tasty food that incorporates fresh, seasonal ingredients. Seasonal produce is rich in flavor and nutrients that support young children in their health and development.

Children love to participate in cooking by measuring ingredients, mixing items together, and most of all...taste-testing! When children help prepare meals they enjoy a sensory experience of different tastes, smells, and textures while building a strong foundation for nutrition and healthy eating habits.

According to Kids Health, a resource published by pediatric hospital Nemours Health, when children help to prepare meals, it can encourage them to try new foods: “Preschoolers love to show what they can do, and working in the kitchen provides opportunities to gain a sense of accomplishment. If they helped assemble the pizza, let them know that their help was important. Even if the results are not exactly what you expected, praise their efforts.” When we use fresh, healthy ingredients while cooking with children, we can talk with them about how each fruit and vegetable has different vitamins and nutrients that help our bodies to grow big, strong, and healthy.

Seasonal November Produce

A variety of fruits and vegetables, from persimmons to cauliflower, are in season during the month of November. Many of these fruits and vegetables can be enjoyed throughout the year, but they are especially fresh, tasty, and nutritious during their peak season. Here are a few that you might enjoy sharing with the children in your care during November:

Healthy Learning Opportunities

Not only are seasonal fruits and vegetables nutritious and tasty, they also offer learning opportunities for little ones. Colors, shapes, scents, size, and weight can all be noticed and compared. Pictures of fruit trees and vegetable gardens can spark conversations about where fruits and vegetables grow.

Kid-Friendly Recipes

Recipes that incorporate fruits and vegetables are a great way to make seasonal produce part of your curriculum. Each of the recipes below can be prepared with large or small groups of children. Older preschoolers will be able to help with cutting, preparing, and measuring ingredients, while toddlers can help with jobs like scooping and mixing.

Healthy Tip! Always ensure that children thoroughly wash their hands before preparing food. Remind them that hand-washing helps us to keep our bodies healthy and free from germs.
